DEDICATION

Education! One of the greatest things we hold and treasure throughout our land today.

Humboldt County has come to the very front in the development of her educational advantages. She offers her youth educational opportunities that will start them on the road to success and prosperity.

DEDICATION

"Education for all" is the motto of the citizens of Humboldt County. They realize that the future development of the county depends upon the extent to which the youth of the county are educated.

In order to show our appreciation for the efforts of the taxpayers, we dedicate this 1930 Megaphone to the educational opportunities offered in Humboldt County.

FOREWORD

That the 1930 Megaphone should be typically representative of Fortuna Union High School students and their activities has been the aim of the editors.

If it will keep the memories of high school days a trifle brighter in the minds of the students and cause them to look back with pleasant recollections on their high school careers, its purpose will have been fulfilled.

EXECUTIVE

In 1881 Robert C. Winthrop said: "Slavery is but half abolished, emancipation is but half completed, while millions of freemen with votes in their hands are left without education." What was true in 1881 is equally true today, therefore it is very fitting that we should give some thought and recognition to the educational opportunities to be found in Humboldt County today.

Every citizen and resident of this progressive County may justly be proud of the schools that have been built up, and of the standards that have been set up in these schools.

Today there is no one in Humboldt County who is left without education. Schools are provided for the child, youth, and mature person. Classes in English are provided for the foreign born. Vocational classes are provided for the adult who did not have the opportunity to attend school during his youth. Thus Humboldt County has met the challenge of Mr. Winthrop and provided in a splendid way for all.

The value of education is brought to us very forcefully in the words of Horace Mann when he says: "Education alone can conduct us to that enjoyment which is, at once, best in quality and infinite in quantity."

Trustees

Through the efficient management and willing guidance of the trustees, the students of the Fortuna Union High School have a school which ranks foremost among the schools in northern California. The last few years this high school has been expanding into a more prosperous and up to date school with many practical and interesting courses of study.

Two new tennis courts were erected on the school grounds this year, thus making it possible for more students to enjoy the out of doors and the game of tennis.

In addition to these efforts on the part of the trustees as representatives of the taxpayers, the students are grateful to the citizens of the district for the loyal support they have given the high school in all the games and musical and dramatic productions that were given during the year.

Mr. F. W. Bender of Scotia took the place of Mr. H. L. Klass who resigned. The other members of the board of trustees are Mr. J. T. Beaber, Mr. F. P. Newell, Mr. J. J. McCloskey, and Mr. F. W. Luther.

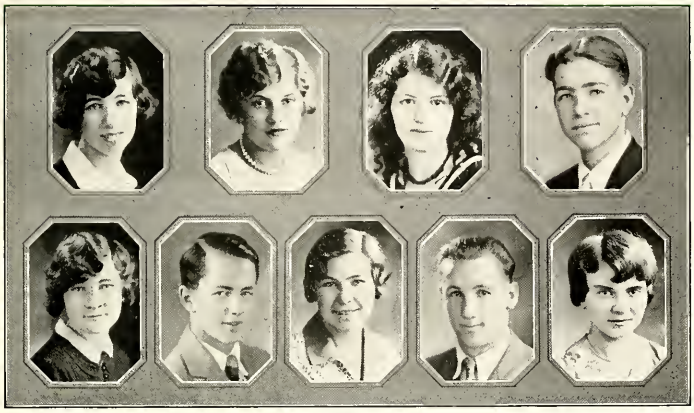
Executive Council

The Executive Council is one of the important administrative bodies in the school to the Principal. This Council is responsible for the improvements made in the different courses of study, advisory work, and some changes in the office rules and regulations. The members on this year's council are: Mr. G. J. Badura, Principal; Mr. R. H. Stenback, Vice Principal; Miss Marie East, Dean of Girls; Miss Rowena Beach, Girl's Physical Education Director; and Mr. Robert Damon, Dean of Boys.

The Council gives suggestions to the Principal for bettering and conducting the school life of the students. One of its most important duties is to make decisions on school problems and school policies. Under the supervision of Miss East and Mr. Stenback, the advisory work was very successful this year. It was interesting and beneficial to all the students.

The aim of the Council is to see that every student receives the best that the school has to offer him, and that his school life will be a benefit to him.



Top row, left to right: Devoy, Layton, Moschini, Belloni.
Bottom row: McKeown, Buxton, Belloni, Miller, Hinds.

Student Council

Student Government is one of the new and important plans being tried in the modern school today. This is the first year that the Fortuna Union High School has adopted the plan, and it has been very successful.

There are nine members on this council: The Student Body President, Ralph Buxton; the Girl's League President, Lucinda Hinds; the Boy's League President, Percy Miller; the G. A. A. President, Gertrude McKeown; the Class Presidents, Frances Devoy, (Senior); Marian Layton (Junior); Mary Moschini, (Sophomore); Wilson Belloni, (Freshman); and one student selected from the Student Body at large, Maxine Belloni. The Student Body President is the presiding officer.

Student problems are brought before the student council who hears the case and decides upon the form of punishment. Working on these problems teaches the members of the Council responsibility. It teaches them to use their own judgment in making decisions and this training will help them when they are out of school. Whether a student succeeds in life's race for success, prosperity, and happiness depends entirely upon his own industry and initiative.

Our senior year is at an end
And we are feeling blue,
We've worked as hard as any class
And to Fortuna "Hi" we're true.

We'll miss our classmates when we leave,
Freshies, Sophs, and Juniors too,
Our teachers who were kind to us
And helped to get us through.

And when we go on life's broad way
We each and all, will try,
In a noble way to represent,
Our dear Fortuna "Hi."

The Juniors' ship is sailing
'Neath a flag of blue and white.
With Good Will for our captain,
We've conquered all our hardships,
And our goal is now in sight.

We're on a four year's journey
To the port of Work and Play,
And there we'll help each other
As we did in high school days.
In one more year we'll leave our ship.

Take a chunk of knowledge, add a piece of wit,
A wish to go to college, of mischief just a bit.
Then stir it all together and you will find
The far renowned Sophomores.

The Seniors are good, the Juniors fairly middlin',
The Freshman must be taken in
As all green things should be.
But if you want to see a fine, good class,
The Sophomores beat all three.

There are paths that lead to everywhere,
On land, on sea, and in the air,
To those who find the unknown ways,
The world a hero's tribute pays.

The freshmen with the greatest care
Are finding them for all to share.
They'll work through all the years to come
Until their glories they have won.

Through sophomore year and junior too
They'll work for their dear white and blue.
And when at last their trials are past
They'll rate the first and not the last.

SPORTS

Golf

With football eliminated as the fall sport by the popular vote of the students, the board of trustees and the athletic directors searched for a substitute and found a sport that was quickly adopted by both students and faculty. The Fortuna Union High School is the first in northern California to adopt golf as a regularly accepted part of the curriculum.

In preparation for this sport, which bars none from participating, Coach R. E. Damon took a summer course from a professional golf instructor in the Oregon State College and has been able to give the fundamentals of the sport to more than forty students and members of the faculty. The board of trustees authorized the building of a cage for driving practice and the construction of a green for practice putting.

With a little practice, the students found themselves able to play a fairly good game, although no sensational scores were turned in. The golf fans became so enthusiastic that a team was chosen to play South Fork Union High School with the result that Fortuna came out the victor.

Evan Dixon, Dort Gulliksen, Bruno Trione, and George Hugo were members of the first Humboldt County high school championship golf team, Dixon and Gulliksen turning in good scores for the eighteen holes played on the Redway golf course near Garberville.

Golf

As a fall sport, golf took the Fortuna Union High School athletes by storm. With frequent contests, this interesting game proved to be one of the accepted pastimes of the school athletic program.

With a few exceptional players, Coach R. E. Damon was able to make up a team that downed South Fork High School players with a total of 354 points to 396. In this contest, Dort Gulliksen turned in the remarkable score of 89 for the 18 holes, and Evan Dixon was close on his heels with a 92. Bruno Trione and George Hugo also finished far ahead of their opponents.

In the 18 hole class tournament, Dixon barely nosed out Gulliksen by a three point lead after two extra rounds of six holes each had been played. This tournament resulted in the seniors winning the interclass competition with an average of 41.8 for six holes, the juniors were second with 44.8, the sophomores, third with 48.5, and the freshmen averaged 51.

In the putting contest, Dixon again came out the winner after defeating William Moore, runner-up. Moore won the right to play Dixon by defeating Percy Miller, while Dixon defeated William East in the semi-finals.

Intra-Mural Soccer

Fifteen groups of boys from the seven gymnasium classes entered the first intra-mural soccer contest which covered a period of one month. The contest developed into an exciting series of games that drew large crowds of rooters to the athletic field. The classes were evenly divided and every boy in the school was given an opportunity to play in at least one game of the season.

Each team was given a name that identified it, such as; Golden Tornados, Shinkickers, Invincible Terrors, Trojans, Bone Crushers, Musketeers, and Gray Frogs.

The Gray Frogs team proved itself superior to the others and captured the intra-mural soccer contests in four games by defeating the Oregon Mists led by Roy McKay, the Pirates captained by Elvin Reback, the Musketeers under Olindo Martinelli, and the Road Hogs piloted by Paul Lozensky.

The scoring ability of the Gray Frogs was featured by the playing of captain Earl Tatman, Vernon Cirby and Verne Woods at the forward positions, the long kicks and fast footwork of Terry Myers and Dort Gulliksen stopping many of the opposing teams' scoring attacks.

Basketball

Len Stillings' scoring ability in the forward position and his team work made him an easy choice for forward on the all county limited basketball team. He was captain of the Blue and White midgets, and was a big factor in the winning of the Northwestern league championship.

Bruno Trione's record for making points in league games was not outstanding, but he made opposing players look out for themselves when trying for goals.

Cedric Jasper played his first season of basketball this year, but he made all county center on the second team. His record shows up next to Stillings' in high scores.

Angelo Barsanti worked the ball into scoring territory with a skill that was hard to overcome. With his defensive playing, he earned a place on the all county first team.

Dort Gulliksen surprised many opposing forwards on their way to the basket. He always seemed to be in the right place at the right time, and his work in the defensive position won him all county second team honors.

Runner up in the northern division of the north coast section of the C. I. F. limited basketball league! Playing on a strange court against opponents who know the court is a hard task, but the plucky Fortuna team came within an ace of winning the title. The game ended at the end of the extra period with a 19 to 18 count in favor of Napa.

Next to the Napa game, the game with Eureka on the Red and Green court was the most thrilling exhibition of fast basketball. Fortuna and Eureka were nip and tuck throughout the contest and only luck made the score 17 to 15 with the Blue and White on top.

Establishing a record for size in rooting sections, the Fortuna Union High School sent a large group of students to all the out of town games. The supporters for Fortuna numbered more than two hundred at the Napa game.

Unlimited Regulars

Gerald Grinsell's work at center did not result in his being a sensational scorer, but he was able to watch his opponent on the defense and start many of the Blue and White offensive plays.

Ralph Buxton played his first season of basketball this year, but he was one of Fortuna's biggest threats in the guard position due to his ability of working the ball up the court.

Earl Tatman was the most consistent forward on the team, being high point man for Fortuna in all but one of the four games. His standing in the county league won him a position on the all county second team.

Barton Travis' playing in the Arcata game was the backbone of the team. He dropped them in from all angles and kept the Arcatans on edge the whole game.

John Mizulo in the back guard station was able to break up the opposing team's plays before they could score, and his ability to get the ball away from scoring territory kept his opponents fighting for the ball in every play.

Fortuna	10	vs	Eureka 34
Fortuna	13	vs	Arcata 9

The Fortuna Union High School unlimited basketball team was not oustanding this year, having but one victory in the four games played. The Eureka team overwhelmed them in both contests, but in the Arcata team, Fortuna had an even match. The squad won one of the two games played with them.

In both Arcata games the Fortuna team was ahead at half time, but in the first game, the team was not able to hold its own and Arcata ended five points in the lead. In the next game, Fortuna was able to hold their rivals and at the same time run up the score above the danger mark.

The Eureka heavies, with a string of veterans back in the running, were able to keep the Fortuna team from contesting seriously for the championship, and they were not defeated in a league game until they met the Santa Rosa champions.

Limited Track

For the seventh consecutive time, the Fortuna Union High School limited track team captured the Humboldt-Del Norte meet. Fortuna, Ferndale and Eureka alternated in the lead throughout the meet, but the final results put the Blue and White first, Eureka second, Ferndale third, and Arcata fourth.

Baseball

Fortuna Union High School baseball players worked under a big handicap this year. The first game was played the week after basketball season closed giving no time for practice games.

The other schools of the county all had more practice in team games, but with a list of eight veterans, Coach R. E. Damon was able to shape a team that was not beaten by an outstanding score in any game.

The pitching of Roy McKay, southpaw twirler, was greatly improved over last year's record, his big stock of curves and drops and his almost perfect control of the ball made him one of the features of the Humboldt league.

With the exception of Joe Silva, the first string players had baseball experience in previous seasons: Roy McKay, pitcher; Joe Souza, catcher; James Lowrey, first base; Len Stillings, second base; Olindo Martinelli, third base; Barton Travis, shortstop; Frank Gianoni, left field; Julio Rovai, pitcher and center field; and Joe Silva, right field.

Left to right: Coach Damon, Trione, Barsanti, Maudlin, Stillings, Hunter, Dillon, Burnside, Docili, Miss Beach.

Tennis

The 1930 Humboldt tennis tournament was held in Eureka on May 17 and the Fortuna players did their best to win the championship instead of tying for first place as they did in 1929 with Arcata.

Last year, Bruno Trione won the boys' singles championship for Fortuna for the second time, and Lena Docili won the girls' singles championship. The three Fortuna double matches were lost last year. Len Stillings and Stanley Bowers, boys' doubles, Mary Anderson and Zelma Burnside, girls' doubles, and Helen Cottrell and Charles Beacom, mixed doubles, were other members of the Fortuna team.

Preparing early for the 1930 tennis tournament, Fortuna high arranged dual tennis meets with Arcata and Eureka high schools. At Arcata, Fortuna lost the first team meet three to two, but the second team won by a four to one score. Fortuna won the first team matches three to two from Eureka, but dropped the second team contests four to one.

The Girls' Athletic Association uses a point system in making awards for active service. For a champshionship team, 125 points; first team, 100; substitute, 75; second team, 50; substitute, 25; also 100 points for every solo dance, and a point a mile for hiking. When a girl has earned 600 points, she is given the G. A. A. "F", and when she has scored 1000, she is given a large block "F".

The senior girl who ranks the highest in athletic ability, sportsmanship, leadership, scholastic ability, and character, is awarded a white sweater with an "F" on her graduation night. This is the highest honor given by the G. A. A. and is the goal towards which every girl strives.

"A sport for every girl, and a girl for every sport" is the slogan of the Girls' Athletic Association. This organization was established after inter-scholastic games were abolished. It endeavors to promote good health and a greater interest in outdoor activities.

The G. A. A. was organized two years ago by Miss Carol Chapman, former physical education instructor. It has been growing steadily ever since.

Hockey

Hockey was introduced for the first time this year and proved to be a popular sport. Keen interest was shown, with 60 girls participating in the double round robin.

A great deal of skill and ability was shown in the various teams but the Juniors proved themselves the best all around team by winning the majority of the games they played. The champions won 125 points toward their G. A. A. "F" and sweater, while the other first team girls won 100 points.

The season was successfully concluded with a luncheon at which the hockey honor team was announced. This team was picked from all four classes and was composed of those girls who showed the best team-work, skill, sportsmanship, and leadership during the season. They were: Leora Hunter C. F., Katheryn Coke R. I., Hadie Quigley L. I., Donna Ivancich R. W., Dolly Del Carlo L W., Ruth Lowrey C. H., Blanche McMillan R. H., Dorothy Grigsby L. H., Alice Hoffman R. F., Mary Nielsen L. F., and Orvella Wilson, G. K.

Left to right: Smith, Hawks, Anderson, Rasmussen.

Archery

Nock, draw, aim, loose, and the arrow speeds through the air into the bull's-eye! Archery, the sport with a pull, was introduced last year for the first time in the history of the Fortuna Union High School. It has come to stay.

The present equipment consists of two bows and twenty-four arrows. However, it is so fascinating a sport, that many of the students are hoping, that with increased interest, more equipment may be added next year. Some of the archers were so interested that they brought their own equipment, and practiced at noon.

An inter-period tournament was held in the spring. Keen interest was shown by the students and visitors, who crowded the lines.

Next year the inter-class tournament will be held in the fall during hockey season. This one will far surpass the other, because the followers of Robin Hood will have had one year's experience.

Standing, left to right: Bianchi, Cox, Miss Beach, Anderson, Williams.
Kneeling: Patton, Gusmeroli, Reynolds, Bryant, Soderman.

Basketball

Basketball, "the best liked sport of the year," drew more interest than any other sport. More than 100 girls went out for the various teams, and keen competition for the places followed. The 80 girls who finally won positions had to work very hard.

At the end of the double round robin, the Juniors and Seniors were tied for first place, making an extra game necessary. This game was played before the entire student body. The Seniors won the championship, with the Juniors taking second place, and the Freshmen, third.

At the end of the basketball season, two honor teams were chosen. The girls making the first team were: Forwards, Zelma Burnside, Hadie Quigley and Blanche Patton; Centers, Sarah Twitchell and Agnes Anderson; and Side Centers, Muriel Reynolds and Amy Anderson. Those girls making the second team were: Forwards, Helen O'Connor; Helen Scott, and Dorothy Coke; Centers, Marion Child and Astrid Olsen; and Side Centers, Beulah Waterman and Selma Wise.

Standing, left to right: Simmons, Lewis, Ashburn, Hayden and Alexander.
Sitting: Grove, Brenner, Notley, Perry.

Volley Ball

"A place for every one and every one in her place," along with "keep your eye on the ball," are the two things that make volley ball an exciting game. It has grown from a slow, easy going game into one requiring as much skill, technique and hard playing as basketball.

The object of the game is to keep the ball volleying back and forth over the net without letting it go out of bounds or touch the floor. The fun begins when two teams, equally matched, keep the ball going back and forth over the net from ten to twenty times.

Last year the volley ball season was not held during basketball season, as in other years, but followed immediately afterwards. This system was much better because it gives all of the girls a chance to participate in both sports.

At the beginning of the season inter-period tournaments were held, with every girl in school playing on a team. These were followed by an interclass tournament, in which the refereeing was done by the girls.

Dancing

Why We Dance

"For rhythmic sense of action free
We dance.
To make life what it ought to be
We dance.
We dance to bring us sweet repose
From cares of day, and troubles lose,
So that we come at last to peace
We dance."

There is not, and there never has been a race of people in the world who have not had some kind of a dance. Dancing develops a sense of rhythm, grace, poise, security, and music appreciation.

Dancing has been taught for three years in the Fortuna Union High School, and classes in natural, clog, and character dancing were held. Tap dancing was introduced last year which caused more girls to take a greater interest in dancing.

One hundred and twenty girls tried out for the Dance Drama given in May. The Evolution of the Dance was the theme of the drama. This program carried the dance from its beginning to the present day including; Grecian, minuet, Country ballet, clog, character, imitation, tap and Chorus dancing.

Baseball

With the coming of spring and the desire to get out in the open comes the world's most popular sport, baseball.

Just what is baseball and why is it so popular? There is a certain thrill that comes from a game of baseball that is not felt in any other sport! For example:

There is just one inning left of an exciting game, the score is tied, and every girl is in her place, alert and waiting. The referee whistles! The pitcher puts a few over, and the game is on. Batter up! Over comes the ball, straight as a die, and is sent by a hard hit between first and second. Safe on first! The next girl knocks a fly right into the shortstops hands, caught, and out.

Two more hits, and all bases full, then another out. What can the next batter do? Strike one. Strike two. Ball. Now what? This one tells the tale. Wham! There goes the ball away out in the field, it's a homer for sure! A fumble—in the outfield. Come on home! All in with four points just by one hit, and the game is won—that's baseball.

A new lettering system has been the largest and most important problem attempted by the Student Body during the year 1929-30. It is sincerely hoped that the new system will be just, impartial, and prove a big success in the future.

The rooting sections of the Fortuna Union High School Student Body proved themselves to be the most enthusiastic in Humboldt and Del Norte counties this year. They made a wonderful name for the school by having a rooting section of more than 200 at the Napa vs. Fortuna championship game held at Napa.

The Student Body play, "A Prince There Was," presented in the fall semester was very good and the operetta, "The Golden Trail," given in the spring semester was one of the best productions ever put on by the Fortuna Union High School.

A bigger and better Scholarship Society was the aim of the society's members this year. An outstanding growth and interest was the result, and many new members were admitted into the society. Two meetings a month were held; a business luncheon the first Thursday in every month, and a regular business meeting on the third Thursday of every month during the advisory period.

On the night of February 18 a party was given for the new members, and the Excalibur members were special guests. The party was held in the sewing room of the high school. Daffodils and acacia bloom created a colorful spring atmosphere. Dancing and games furnished the entertainment for the evening. The ushering for the student body play, Christmas play, operetta, and for the Tuesday morning programs was under the direction of the Scholarship Society.

"He who seeks to serve others, best serves himself." The boys who compose the club have lived up to their motto faithfully. Junior and Senior boys with high standards and good grades make up the membership of this club.

Every Friday the club members hold a luncheon in the sewing room during which time a speaker is heard or a short program is given. In the fall semester, the Excalibur club went to Eureka to visit the Eureka Excalibur club. Much valuable information was gained from this visit and the spirit of fellowship among the boys was further developed.

The greatest event of the spring semester was when the club received its pins. These pins are of yellow gold, made in the shape of a shield. In the upper left hand corner is the Excalibur stone with a sword in it, which is the symbol of the club, and the words "Excalibur Club" written on the right side of the pin.

The cabinet members of this club, of which every girl is a member, are as follows: House Beautiful, Marian Child; Transportation, Virginia Early; Publicity, Evelyn Boehne; Finance, Eleanor Hinds; Social, Gertrude McKeown; Clean Up, Zella Aldrich; Membership, Maxine Belloni; Decoration, Mary Nielsen; Hospitality, Edith Reback; Program, Cecil Cox; and Sick, Catheryne Coke.

Pep, vigor, interest, cooperation, and sportsmanship—these are the factors with which the Girls' Khan Tola Club worked this year. A Hallowe'en Hi-Jinx in honor of the Boys' League, an Oddity party, a Mother's Tea in honor of the mothers, an advisory program for a Tuesday morning assembly, and a chest for Mexico were some of the interesting things they planned and carried out with great success.

The Knights of the Blue and White, as the Boys League is called, is a large organization to which every boy belongs. The meetings this year were very interesting and of value to everyone. Along with the work they carried on, the boys did their share in pepping up the players of our limited and unlimited basketball teams with rallies and songs.

The boys planned and gave a "Father and Son Bust," which combined the interest of the fathers and sons in the school. At this bust the fathers were entertained by an exhibition of boxing and tumbling which was part of the program. Besides filling a chest for the children of Mexico, the league planned an advisory program, and a return party for the girls of the Khan Tola Club.

To promote athletics and develop good sportsmanship has been the goal of all the members of the Big "F" club. The club was organized early in the school year with the membership being limited to boys who had earned a letter in some sport.

The boys of the club arranged and held a track meet for the grammar schools of the high school district on May 17. The track meet proved to be a big success and it is hoped that the custom of holding such an event will be continued in order to build up athletics in high school by having incoming freshmen interested in sports.

The members of the club adopted an official belt buckle upon which the individual members could have engraved the symbol of their favorite sport and their own class numeral.

The Fortuna chapter of the Future Farmers of America, a national high school agricultural organization, was formally installed this spring by the Arcata high school chapter to take the place of the former Junior Farm Center.

Taking an active interest in the agricultural affairs of the state and county, a judging team was entered in the Pacific Slope Dairy Show at Oakland, a representative team was sent to Los Angeles for dairy and dairy product judging, and delegates went to Sebastopol to the state convention of the Future Farmers of America.

The Fortuna Agricultural department won both the junior and senior division exhibit contests at the Humboldt County Fair at Ferndale. The Poultry judging team took first place at the Poultry Show held at Fortuna.

Junior Chamber of Commerce

Orvella Wilson ..... President
Velma Rowe ..... Vice President
Agnes Anderson ..... Secretary-Treasurer
Miss Everson-Mr. Stenback ..... Advisors

Although it has only been organized since last September, the Junior Chamber of Commerce has become one of the foremost clubs in school.

The object of this organization is to work on the development of the county at large by making helpful suggestions to the Business Men's Association. The business men, in turn, give suggestions to the students and this results in the formation of a close bond between the members of the club and the business men.

During the Christmas season the members of the club assisted the business men by relieving them of such simple work as sacking candy for the children of the community, and decorating the Christmas tree in Fortuna.

At various times, members of the club have gone to the Business Men's Luncheon and have given talks on the activities of the Junior organization. This keeps the business men in close contact with the school and increases their interest in school activities.

Footlights Club

Helen Hawks	President
Marian Layton	Vice President
Vivian McLean	Secretary
Una Bryant	Treasurer

The Footlights Club was organized a year ago under the direction of Mrs. Ruth Beck. The activities of the club this year have been under the supervision of Miss Helen Ford, dramatic instructor. Any student who is interested in dramatics may be a member of this club.

The purpose of the club is to create and present good drama before the school and public. At each monthly meeting this idea is carried out in the program. In carrying out this purpose many plays are read and criticized. In addition, a program is furnished for the meeting by a group of individuals selected each month by the program committee.

The popularity of the Footlights Club is evident in that it has one of the largest club memberships in the school. Besides being large in number the club has the reputation of being one of the peppiest groups in school.

Fish and Game Club

David Nielsen ..... President
Wilson Belloni ..... Vice President
Jay Jones ..... Secretary-Treasurer
R. H. Stenback ..... Advisor

Since its organization in this school two years ago by Boy Scouts interested in the conservation of natural resources, the Fortuna Union High School Fish and Game Club has more than doubled its membership.

The work of the club has had a practical value in teaching boys of high school age the recreation that may be had in hunting and fishing in Humboldt county. The sense of sportsmanship at all times in pursuing natural game has been brought into the club's program.

Educational meetings on various phases of hunting and fishing have added to the interest shown. Guns, dogs, fish, and birds are some of the subjects that have been studied as regular work in the meetings.

Each member of the club is assigned a talk for one of the meetings of the year and is given the privilege of attending the meetings of the Eel River Valley Fish and Game Club, which sponsors the high school club.

Photography Club

Cedric Jasper	President
Eleanor Hinds	Vice President
Bernice Rasmussen	Secretary
Mr. F. Jabusch	Advisor

In the fall of 1929, students who were interested in taking pictures and working with cameras, organized the Photography club. The members of the club studied cameras, and the correct method of using them. The art of developing and printing pictures has been carefully studied and practiced.

The outstanding work of the club members has been to take pictures of objects and people under various circumstances. They have planned to go on picnics and hikes so that the members may carry out their work more fully. They must be ready with their cameras at all times.

Through actual practice in taking pictures and developing them the club members hope to overcome the common faults of amateur photography.

Girl's Glee Club

The Girls Glee Club, under the direction of Miss Mary Hornaday, has been increasing in popularity each year until this year there are forty-one members enrolled. The girls learn three and four part songs and their voices increase in harmony and quality as the year progresses.

With Janice Kjer as president and Ruby Heckman, Katherine Coke, and Agnes Anderson as librarians, the Glee club has become very well organized and has won a reputation for having a lot of pep. After the try-outs at the first of the year the best voices in the school were selected. If the girls have talent their glee club work will bring it out.

The girls made an excellent showing in the operetta, "The Golden Trail" and in the Christmas Cantata, "The Christ Child." They participated in other events including; the Poultry Show, the Music Festival at Arcata, the Mother's Tea, the School Exhibit, and the Baccalaureate service.

Boy's Glee Club

The Fortuna Union High School has reason to be proud of its glee clubs. The boys under the direction of Miss Dorothy Dale, have an enrollment of twenty-three members and they do excellent work in part singing. They sang several selections for the Student Body, and they also sang at the Sixth Annual Poultry Show given at the Fortuna Union High School, November 7, 8, and 9.

The boys took part in the Christmas Cantata, "The Christ Child," by Hawley, and in the Operetta, "The Golden Trail," by Cadman. They sang for the "Public School's Week" program. They also participated in the Music Festival at the Humboldt State Teachers College. Their activities have brought credit to the school.

A new feature of the club this year is its formation and division into quartets. The music studied includes two, three and four part songs of the ballad, art song, folk song, semi popular, and humorous type.

Back row, left to right: Hutchinson, Beaudette, Early, Ingram, Docili, Nielsen, Bender, Miss Dale, Woodcock, Langin, Gow, Burnside, Hunter.

Advanced Orchestra

The Advanced Orchestra of the Fortuna Union High School has improved a great deal during the past year under the direction of Miss Dorothy Dale. The orchestra has furnished music for the Student Body play, the Senior play, the Christmas program, the Poultry Show, and the Operetta.

The group brought credit to the school when they played at Arcata High School and contributed selections for the Music Festival at Eureka. They played for the "Public Schools Week" program, for the Baccalaureate Service and for Commencement.

As the members of the advanced orchestra are graduated they are replaced by the experienced members of the Elementary Orchestra and in this way, the balance of the orchestra is maintained. The organization studies representative music of the classic, romantic and modern composers.

Left to right: Thomson, Docili, Cacci, Mr. Ray, Scruggs, Miss Dale, Bender, Dixon, Early, Anderson, Holt.

Orchestradians

If you heard a racket in the music room at frequent intervals it would be safe to guess that the Orchestradians were practicing. They are a group of about twelve students who supply any type of "Jazz" whenever it is needed. The organization started last year as just a group of boys who saw a need of supplying music outside of the orchestras. This year they met once a month as a club and discussed ways and means of producing more and better "jazz." They met regularly every two weeks at the homes of the members to practice.

They gave a great deal of enjoyment to the school by playing in relays for the Friday noon dancers. The dancers liked the music better than the rest of the school liked the practicing. The members got much valuable practice in playing before the public. This was their second year and they have been improving all the time. They entertained the fathers and sons at the "Father and Son Bust" given at the High School by the Boys' League.

Back row, left to right: Curren, Hugo, Windbigler, Peterson, Gallagher, Anderson, Woodcock, Packer, Ammer, Nielsen, Miss Dale.
Front row: Dinsmore, Bender, Holt, Carlson, Langlois, McNaughton, Early, Webster, Ingram.

School Band

The school band was the pet baby of the school last year and the students had high hopes for it when it should grow up. These hopes were agreeably realized for the band, under Miss Dorothy Dale's efficient leadership, has made rapid progress. Students no longer pity the instructor and anyone near enough to hear when they are practicing.

There was only one girl out of the nineteen members but it is hoped that more girls will be interested next year. The band showed its spirit and pep when it played for the basketball games on our home court during the season. This gave the players valuable practice in playing before the public. This year is the first time the band has played for the Music Festival at Eureka.

Back row, left to right: Santarini, Kilgore, Evans, Miss Dale, Samuelson, Eisner, Buxton, Hazelton.
Front row: Devoy, Alward. White, Layton, Bronson, Reback, Notley, Fitch, Day, Payne, Felt.

Elementary Orchestra

The Elementary Orchestra under the direction of Miss Dorothy Dale, has made marked improvement since the beginning of the year. It is larger and better balanced and every member is becoming more proficient in playing in time and in tune.

There are eighteen members enrolled this year, which shows that there is an increased interest in orchestral work. Most of the members will be admitted to the advanced orchestra or to the band next year. This is the second year our school has been able to maintain two orchestras. At the first of each year the elementary orchestra has to start practically at the beginning because it is almost entirely composed of new members.

The Student Body was entertained with several selections by the elementary group during the year. The music studied is varied in character. Egyptian, gypsy, and descriptive music has proved to be the most popular with the novices.

The Student Body presented "A Prince There Was," a three act comedy by George Cohen, on the evening of October 11. The cast was chosen by Mis Helen Ford, dramatic instructor. Everyone connected with the play worked hard and the result was a decided success.

The plot concerns a young, millionaire bachelor who is bored with life and takes a position as the assistant editor of his friend's magazine. He proves that he is really "a prince" and makes good.

The Senior class of 1930 presented "Her Husband's Wife," a three act comedy by A. E. Thomas, on February 7. The cast was well chosen and directed by Miss Helen Ford, dramatics coach.

The heroine believes she has not long to live and picks out her husband's future wife. Her uncle tries to aid her and many comical situations arise when she becomes jealous of Miss Ladew, "her husband's wife." For a time everyone is in doubt as to whether she can win him back or not. Her health improves as her husband becomes more enamored by Miss Ladew. The Rondolph family take a hand in the affair and straighten out the tangle to the satisfaction of everyone.

"The Golden Trail"

Brilliant costumes, snappy dances, clever lines, and beautiful melodies, supported by distinctive stage settings and outstanding lighting effects made the operetta, "The Golden Trail," a great success. Miss Dorothy Dale, assisted by Miss Mary Hornaday, directed the operetta. Miss Helen Ford coached the speaking parts and Miss Rowena Beach taught all the dances. The success of the operetta was due in a great measure to the splendid cooperation of all the departments of the school.

The plot of the operetta centers around a stolen consignment of gold dust and the coveted Alvarado family jewels. Don Carlos Alvarado and daughter, Barbarita, and their party stop at an Inn on their way to Barbarita's birthday celebration. Smiling Charlie, pursued by bandits, brings in his consignment of gold. He and Barbarita fall in love with each other under a romantic California moon. The bandits capture the Mexican dancer, Carmela, but she escapes. Smiling Charlie and the band of emigrants capture the bandits and recover the gold and jewels. The wedding dance of Barbarita and Charles is held in a joyful celebration at the Inn.

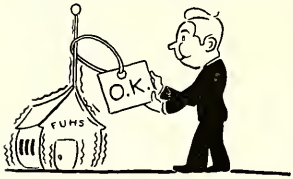
CALENDAR of EVENTS

August 19 school opened its doors,
And invited us into its den,
Where we were to study and willingly drink,
From the Fountain of Knowledge again.

A Freshie's Reception is held this day,
For Freshie's best day in the year.
We greatly enjoyed washing green from their face,
And chasing away all their fears.



September 17th—the day of all days!
The University Examiner once more!
We shivered and shook from the time he came in,
Till he hung an O. K. on our door.

A comedy hit, "A Prince There Was"
Was put on for our Student Body Play,
There was a laugh in every word sent forth,
And it sure chased the blues away!

We are proud of our basketball limited team
As proud as a school can be,
When they ran up a score of 49 points,
While Ukiah got 23.

February 7 was a big day in our life;
'Cause why?—the Seniors presented
a "scream"—
A Ford production, "Her Husband's
Wife!"

An Operetta, the "Golden Trail"
Brought back to our heart and mind,
With immigrants, gold, and bandits
bold,
The days of old '49.

I sometimes wonder what Greeks
would do
If we presented in their synogogue,
Instead of their slow, silent, beautiful
dance,
A hot-stepping clattery clog!

May 16 is the day to which we
Look forward with mystery and
doubt;
It holds big surprises of pleasure and
fun,
Our 1930 Annual comes out.

The Seniors today with diplomas in
hand
Are cast to the cold cruel world,
With a purse full of air (and a head
maybe too?)
They enter life's dizziest whirl.

Mr. Smith: Who was Pussyfot Johnson?
Swett: He was the man who made the country so dry that they had to prime a man to spit.

* * * *

Dort G. (having killed the lady's pet puppy) : Madam, I will replace the animal.
Indignant Owner: Sir, you flatter yourself.

* * * *

Bill East: What do we have in Trig tomorrow?
Curtis C.: Oh, we have to find the hypotemuse of that square circle.

* * * *

Blanche W.: I wonder if it's true that a boy's arm is as long as the circumference of a girl's waist?
Percy Miller: I don't know. Let's get a tape measure and see.

* * * *

Helen H.: So you are trying out for the Senior play?
Guy M.: Yes.
Helen: Had any experience?
Guy: Sure I had my leg in a cast once.

* * * *

Bill Moore (In Glee Club): Play "The Stolen Rope."
Miss Dale: I'm afraid I don't know such a song.
Bill: Why, it goes "Tum, tum, tumptey, tum."
Miss Dale: You mean the "Lost Chord?"
Bill: Ah, that's it!

* * * *

McKay: I want to ask about a tragedy.
Miss Everson: Well.
Roy: What is my grade?

* * * *

Elo: See any change in me?
Wilson: No, why?
Elo: I just swallowed a nickle.

* * * *

Ralph Buxton: Then this is absolutely final?
Girl: Absolutely, shall I return your letters?
Ralph: Yes, please, there's some good material in them I can use again.

* * * *

Mr. Badura: What? You steal spoons from the cafeteria and call it a mistake?
Verne Wood: Well, I thought they were silver but they weren't.

Gertrude Mc.: Are you a track man?
Bruce Mc.: Say, you should see the callouses on my chest from breaking tapes.

* * * *

Miss East: Class, this is about the worst recitation you have ever given. Why, I have done two-thirds of it myself.

* * * *

We editors may tug and toil,
'Till our fingers are sore,
But some worthy soul is sure to say,
"I've heard that joke before."

* * * *

Guy Maxwell: "If I ate my father and mother what would I be?
Mr. Ray: "A cannibal, of course."
Guy: "I wouldn't. I'd be an orphan."

* * * *

Don Scott: "Don't the spectators tire you with the questions they ask?"
Aviator: "Yes. What else do you want to know?"

* * * *

Van B.: What are you doing tonight?
V. Cirby: Studying.
Van: I'm not doing anything either, let's go to the show.

* * * *

Mary just pulled something that made me sore.
What?
My ear.

* * * *

Barton Travis: I think Esther would make an ideal wife. Every time I go to her home I find her darning her father's socks.
Wood Thompson: That caught me too—until I noticed it was always the same sock.

* * * *

Helge Paulson: Hey, Mervyn! Your engine is smoking.

Mervyn Chambers: Well, it's old enough to.

* * * *

Miss Ford (In English IV): The bell is going to ring so everybody be quiet and I'll skip around the room.

* * * *

Prof: What is a watt?

Jerry: An inquisitive person.

* * * *

Una: What is your ideal man?

Katheryn Hawks: One who is clever enough to make money and foolish enough to spend it.

* * * *

Why not have the joys . . when you graduate . . of a Secretarial position?

The girl with the Secretarial position has so many advantages over the girl with "just a job." Nicer surroundings, pleasant associates, more interesting work, more of the joys of life that come with bigger pay!

Why be content with a humdrum job when Heald's can quickly equip you for a position as Private Secretary?

Heald training, with its Business Practice Department, is different from any other in the West. Here, through real correspondence with Heald students in other California cities, you engage in commercial transactions just like actual business.

Why not give yourself the advantage of this *surer* preparation for a real position? Call Mr. Lesseman at ORdway 5500. He will gladly give you full information.

BUT here is something about an important subject that every young person should know.

Luck

A modern wise man was asked if he believed in Luck. Here is his answer, and it's worth cutting out and pasting in your hat.

"Do I believe in Luck. I should say I do! It's a wonderful force! I have watched the successful careers of too many lucky men to doubt it's existence and its efficacy. You see some fellow reach out and grab an opportunity that the other fellows standing around have not realized was there. Having grabbed it, he hangs on to it with a grip that makes the jaws of a bulldog seem like a fairy touch. He calls into play his breath of Vision. He sees the possibilities of the situation, and has the ambition to desire them, and the Courage to tackle them. He intensifies his strong points, bolsters his weak points up, cultivates those personal qualities that cause other men to trust him, and to cooperate with him. He sows the seeds of sunshine, of good cheer, of optimism, of unstinted kindness. He gives freely of what he has both spiritual and physical things. He thinks a little harder and a little longer; straighter; works a little harder and a little longer; travels on his nerve and his enthusiasm; he gives such service as his best efforts permit. Keeps his head cool—his feet warm—his mind busy. He doesn't worry over trifles. Plans his work ahead, then sticks to it—rain or shine. He talks and acts like a winner, for he knows in time he will be one, and then—Luck does all the rest."

Lumber

As Important as
The New Home's Plans

IN PLANNING your new home, give a serious thought to the lumber that goes into it. Years of extra service depend upon Quality.
For the supporting joists, the flooring, the trims, the doors—be sure to get the best.
The added cost is soon forgotten in the longer service and greater satisfaction you will have.

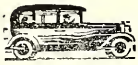
You Wouldn't Neglect Your Car--

Why Neglect Yourself?



After all, we human beings greatly resemble automobiles. Parts wear out and give away. The main difference is that the parts in a human being are not so easily replaced. That means then that we should take better care of ourselves than we do of our cars.

Visit your physician frequently. Have a thorough physical examination at least once a year. Keep yourself fit. It is better to keep well than to have to get well. You will find your physician thorough, kind and understanding.
